neocities

Create your own free website.

Unlimited creativity, zero ads.

Neocities is a social network of 1,460,200 web sites ([/browse](#)) that are bringing back the lost individual creativity of the web. We offer free static web hosting and tools that allow you to create your own web site. Join us!

Usernames can only contain letters, numbers, and hyphens, and cannot start or end with a hyphen.

Password must be at least 5 characters.

Powerful features to help you build

We've made it easy to build your web site and explore other sites. Neocities features an in-browser HTML editor, a [command line tool \(/cli\)](#), custom domain support, fast site performance, easy file uploading, RSS feeds, and so much more.

Share your web creation with the world

It's your web site, your vision. Make it as normal or crazy as you want. You're the artist, you're in control.

Our mission: To make the web fun again by giving you back control of how you express yourself online.

HTML editor, right in your browser

No tools needed. With our easy-to-use HTML editor, you're ready to start building your awesome website right now.

If you'd rather use your favorite desktop editor, no problem. Uploading files is as easy as drag-n-drop.

Welcome back, web surfing

All Neocities sites are viewable and easily surfable in our website gallery ([/browse](#)).

Using tags (our version of Web Rings) you can easily discover new sites related to your interests.

Follow your favorite Neocities sites

[Sign In \(/signin\)](/signin)

Keep track of all your favorite sites by following them. Any changes to the sites automatically show up in your news feed. You'll also see what sites they follow.

Web creativity plus community

Interact with your favorite web builders by posting comments, and sharing their sites on your social network of choice.

Zero Advertising, Zero AI Data Selling

Neocities will never sell your data for AI training or put advertising on your site.

Instead, we are funded directly by people just like you with [supporter accounts \(/supporter\)](/supporter) and [donations \(/donate\)](/donate).

Developer Tools

Our fast static hosting comes with a great in-browser HTML editor, easy file uploading, a [command line tool \(/cli\)](/cli), RSS feeds for every site, [APIs \(/api\)](/api) for building developer applications, and much more!

Fast Site Loading

Neocities operates our own caching anycast CDN in over a dozen datacenters all over the world to quickly serve your site to visitors with strong SSL and support for HTTP/2. Our strict focus on static web hosting allows us to routinely out-perform the pricey cloud services on reliability, speed and uptime.

Open Source

We [publish \(https://github.com/neocities\)](https://github.com/neocities) the code that powers the site for inspection. We want to win your trust—not lock you in.

*Rather than a constantly rushing river of
information, Neocities sites are like homes where
users fix them up, spend time on them, and invite
others to visit.*
